

TERROIRS DE LORRAINE

Michel Roth

“ TERROIRS DE LORRAINE

was born from my wish to settle in my region. Lorraine is where my roots lie, where everything began in a family restaurant.

I consider the Metz station a symbol of going back to my origins. It is here that I wish to welcome you, in this place filled with history and memories, where you can surround yourself with authentic and delicious food.

Together with my team we have developed a cuisine that is both simple and refined, combining dishes that greatly represent the Lorraine region and gastronomy. We use seasonal ingredients carefully selected for their quality.

The station is the entry-door to a region, to a new place. It is a place of constant movement where people cross paths with each other. With the restaurant Terroirs de Lorraine, I want to turn the Metz station into a place of destination that opens up to the city. An unmissable place for all those who appreciate good food. ”
